

# Non-Insulated Immersion Suit

PART NUMBER SC.104

The non-insulated immersion suit is designed to be worn with an approved lifejacket, providing protection and thermal performance in cold water conditions.

## Thermal Performance:

- In water temperature of 5°C, the wearer experiences a temperature drop of no more than 2°C after 1 hour of static water immersion.

## Material:

- **Outer Material:** 100% Nylon WR PU breathable coated

## Size:

- Suitable for wearers with a height range of 140-205 cm
- 

## Product Performance:

- **Water Protection:** Provides excellent protection against water
- **Reflective Panels:** Enhances visibility in low light conditions
- **Waterproof Zippers:** Ensures water does not penetrate through the zippers

## Usage:

- Must be worn with an approved lifejacket
